

EIP ON AHA

EIP ON AHA ACTION GROUPS

A group of stakeholders that work together on specific thematic areas, related to the overall objectives of the EIP on AHA, focusing on scaling up innovation.

Each Action Group has an action plan and participants commit to carrying out activities contributing towards the objectives of that plan.

ACTION GROUPS IN NUMBERS

6 Action Groups

More than 1,300 active partners

More than 1,000 commitments working towards the objectives of the Action Plans
